### DETAILED ACTION

1. This office action is in response to Applicant's response filed on 09/17/2006.
2. Claims 1-19, 22-32 and 36-51 are pending.

### ***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

4. Claims 4, 6, 10, 40-44 and 47 are rejected under 35 U.S.C. 102 (e) as being anticipated by Feldbau et al (U.S. Pat. No. 6,571,334).

As per claims 4, 6, 10, 40-44 and 47 Feldbau discloses a method/apparatus for authenticating that a sender has sent certain information via a dispatcher to a recipient., the method comprising:

Encrypting a message using a symmetric key, sending the encrypted message to an intended recipient without the symmetric key, forwarding the encrypted symmetric key to a third party, and receiving from the third party a certified receipt verified by the third party indicating receipt of the message by the intended recipient (see., abstract, col 1, lines 66 and 67, col 2, lines

1-12, col 4, lines 19-32, col 6, lines 51-67, col 14, lines 66 and 67, col 15, lines 1-15).

***Allowable Subject Matter***

5. Claims 1-3, 5, 7-9, 11-19, 22-32, 36-39, 45, 46, 48 and 49-51 are allowed over the prior art.

**RESPONSE TO ARGUMENTS**

6. Applicant's arguments filed on 09/17/2006 have been fully considered but they are not persuasive.

**REMARKS**

7. In response to Applicant's arguments, Applicant argues that the prior art of record (Feldbau) fails to disclose the recited feature:

“receiving from a third party a certified receipt verified by the third party indicating receipt by an intended recipient. As indicated above, it is believed that Feldbau discloses this limitation in col 16, lines 41-57, specifically wherein said the certificate 740 (or receipt) which comprises the signature, the message and the dispatch information can at any time be authenticated and verified by any third party.

***Conclusion***

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
